

YOUR ARE NOT ALONE

SO YOU DECIDED TO LEAVE YOUR CAR BEHIND

YOU WANT TO WALK OR TO TAKE OUT THE BIKE

YOU THINK BY THIS YOU WILL BE ALONE

BELIEVE ME YOU ARE NEVER ALONE

You think by walking the moor

Head towards the two tors

That you will be alone

You are never alone

When you get there be aware

There will many people will see you there

All you wanted is to be alone

You are never alone

You take the coastal path

The be sure you will have the wrath

You see you wanted to be alone

You are never alone

Many have thought that cliffs above the sea

There will be do many to see

They like you want to be alone

You are never alone

Head for the woods after all there will only be trees

But stop look at that tree closely

Is that a mouth or an eye you see

Yes it is you are never alone

If the think by taking in the country

To look at clear sky

Remember trees have eyes

You are never alone
